

Freedom's Feast MLK DAY

On-line ceremonies to get the most out of your AMERICAN holiday celebrations.

TABLE TALK!

CONVERSATION STARTERS

Over your meal or gathering ask those at your table what they remember about the civil rights movement:

Do they remember any of the events from the ceremony?
Were some more meaningful or have a greater impact than others?
If so, why?

What stories can they share?

What do they know about segregation?

In what ways did they experience segregation or other forms of discrimination?

Are there times when they've stood up for something that wasn't right?

What injustice remains today?

If you had to fill in the blank, "I have a dream...."
What would the rest of the sentence be for our country?
For the world?

What service project would you have to work on to make it come true?
